

#STOP KORAP:

CITIZEN ACTION KIT

2. Report Anomalies:

Notice something suspicious in your area? You can report it safely, even anonymously.

Where to Report:

- Ombudsman: ombudsman.gov.ph
- COA Citizen's Desk: citizensdesk@coa.gov.ph
- DPWH Feedback: dpwh.gov.ph/dpwh/feedback
- Presidential Anti-Corruption Commission (PACC)

☎ 09066927324

✉ complaints@pacc.gov.ph.

TIP: Document with photos, videos, or even before-and-after images.

3. Use Your Voice:

Social media is a powerful tool, use it to demand transparency and educate others.

Action Steps:

- Share verified news articles and infographics
- Use hashtags like **#StopKorap**, **#EndCorruption**, **#FloodControlWatch**, **#TunayNaSerbisyo**
- Tag agencies, journalists, and watchdogs.

Reminder: Focus on facts and avoid defamatory language to stay within legal boundaries.

BAGUHIIN ANG BULOK NA SISTEMA

4. Build Local Power:

Community actions are more powerful than lone voices.

What You Can Do:

- Participate in the barangay quarterly assembly and Katipunan ng Kabataan (KK) Assembly.
- Start or join a local watchdog group.
- Collaborate with local youth councils, environmental groups, and other similar organizations to consolidate our efforts.

Remember that the power of the people is stronger than the people in power.

5. Use FOI to Get the Facts:

The Freedom of Information (FOI) law lets you request documents from government offices.

How To File a Request

- Go to www.foi.gov.ph
- Create an account
- Request project documents like:
 - ▶ Budget plans
 - ▶ Contractor names
 - ▶ Completion reports
- Wait for a response (usually within 15 working days)

Just ask if you'd like sample request templates included in this kit!

6. Vote For Champions of Good Governance:

Corruption won't thrive when citizens actively choose and support leaders dedicated to transparent and accountable leadership.

Action Steps:

- Research candidates' track records on transparency
- Attend local debates and ask tough questions
- Encourage others to register, vote, and stay involved

We need to act now because change starts long before election day.

7. Watch and Document:

Your smartphone can be a powerful accountability tool.

Take note of:

- Incomplete or delayed flood projects
- Substandard work (e.g. quick erosion, shallow canals)
- Project billboards that don't match actual work

Then share with:

- Community groups or a local watchdog group
- Media tip lines or to your local media outlet
- Commission of Audit
- The Ombudsman
